

Stitching Solutions

Whether you like to stitch large heirloom projects or mini motifs, Easy-Count™ Guideline can take the strain out of counting!

with
Easy-Count Guideline™
R & S Designs, INC.

The only product to keep your place on the fabric!

Easy-Count™ is a red nylon thread that helps any stitcher easily locate the exact point to stitch on the fabric. Your cross stitch hobby can now be relaxing, effortless and quick compared to the traditional methods used in the past. The Guideline forms boxes to match the cross stitch grid pattern, making stitching a breeze!

This product is an asset to any stitcher and is easy to add, no matter how large or how small the cross stitch project or kit might be. Be the first in your cross stitching group to enhance

This project, stitched on 18ct with 32 shades of blue, was the cross stitch design that inspired the conception of Easy-Count Guideline!

your speed in completing your project. One spool contains enough thread to complete three

You can now stitch anywhere, what a difference one tool can make!

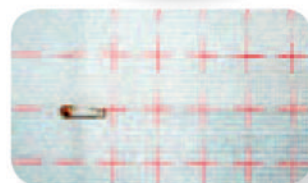

15" x 8" cross stitch projects.

Cross stitching is closely related to good mental health.

A person suffering from anxiety can find this hobby to be the "answer."

R & S Designs, Inc. has a number of free online resources to download and print for every stitcher to use and enjoy.

Activities which make you feel creative also make you feel at peace with yourself. Cross stitching can help fulfil that sense of accomplishment.

Every grid matches your pattern. The exact centre is shown with an X. The gold pin notes the centre axis.
